Profile

Currently in my third year of Electrical Engineering and Industrial Computing at IUT de Villetaneuse, I am seeking a master's degree in Electrical Engineering.

Dynamic and meticulous, these qualities enable me to work efficiently and tackle challenges with determination.

Education

Bachelor of Electrical Engineering

09-2023 - 06-2026 IUT - VILLETANEUSE

This program lasts 3 years and allows students to design, install, program, and maintain electronic or automated systems.

PASS : Specific Health Access Pathway

09-2022 - 06-2023 Sorbonne - Paris

High school

09-2019 - 07-2022 Jacques Feyder - Epinay-Sur-Seine

Honors: Good

Work Experience

Maintenance and GTC Technician – Internship

Guerlain

02/2026 - Upcoming

Discovery of infrastructure, networks, and systems.

Participation in ongoing **technical project**.

Technical Construction File – Internship

Schneider Electric

04/2025 - 06/2025

Preparation of the Technical Construction Files (TCF).

Drafting of CE and UKCA Declarations of Conformity (DoC).

Follow-up of required tests.

Execution of visual inspections (label, datasheet and software verification) and **preparation** of the associated reports.

Reading and **analysis** of electronic schematics and PCB layouts.
