- Table Tennis

## PROFIL

Currently in my third year of Electrical Engineering and Industrial Computing at IUT de Villetaneuse, I am seeking a 10 to 14 week internship starting on February 23rd.

Dynamic and meticulous, these qualities enable me to work efficiently and tackle challenges with determination.

## FORMATION

### Bachelor of Electrical Engineering

09-2023 - 06-2026 IUT - VILLETANEUSE

This program lasts 3 years and allows students to design, install, program, and maintain electronic or automated systems.

### PASS : Specific Health Access Pathway

09-2022 - 06-2023 Sorbonne - Paris

### High school

09-2019 - 07-2022 Jacques Feyder - Epinay-Sur-Seine

Honors: Good

## Professional Experience

### Technical Construction File – Internship

#### Schneider Electric

04/2025 - 06/2025

**Preparation** of the Technical Construction Files (TCF).

**Drafting** of CE and UKCA Declarations of Conformity (DoC).

**Follow-up** of required tests.

**Execution** of visual inspections (label, datasheet and software verification) and **preparation** of the associated reports.

**Reading** and **analysis** of electronic schematics and PCB layouts.

### University Projects

#### Maintenance

11/2025 - 12/2025

**Implementation** of forward and reverse motor control, protection devices, and control circuits.

**Testing**, commissioning, and **troubleshooting** based on electrical schematics.
